PROFILE

Aspiring Full Stack Software Engineer with over 1.5 years of experience designing and developing responsive, scalable web applications. Proven ability to collaborate in Agile teams, deliver clean code, and implement full-stack solutions using modern technologies. Skilled in C#, .NET, JavaScript, React, Node.js, SQL, and cloud platforms (Azure, AWS, GCP). Passionate about building impactful software and continuously learning.

TECHNICAL SKILLS

Languages: C#, JavaScript, TypeScript, SQL, Python, Java,
Frameworks & Libraries: React, Node.js, Express.js, .NET, MUI, NextJS
Tools & Platforms: Azure, AWS, GCP, Git, GitHub, Docker, CI/CD, VSCode, Virtual Studio
Databases: MongoDB, PostgreSQL, SQL Server, Excel, Google Docs
Concepts: OOP, REST APIs, Agile, Scrum, Cloud Computing, Software Testing, Data Structures & Algorithms, AI&ML

EXPERIENCE

Freelance Full Stack Developer
Toronto, ON | Jan 2024 – Present

- Designed and deployed 10+ responsive websites and full-stack apps using React, Node.js, Express, and MongoDB
- Built payment, authentication, and created CRUD function features with third-party API integrations
- Deployed scalable web apps on AWS and Render using Git-based CI/CD workflows
- Created C# desktop apps in Visual Studio to streamline client-side workflows

Web Developer (Centennial College)
Toronto, ON | Sep 2022 – Dec 2023

- Developed and maintained college websites to improve accessibility and navigation
- Worked closely with IT and design departments to launch user-centric web pages
- Implemented mobile-responsive layouts, boosting engagement and accessibility by 20%

PROJECTS

FreshPlate Recipe Management App – MERN Stack | Centennial College | Jan 2025 – Apr 2025

- Built a responsive full-stack recipe app using MongoDB, Express.js, React, and Node.js
- Developed 10+ RESTful APIs and reduced query response times by 30%
- Collaborated in Agile team, achieving 90% pre-launch bug resolution

AgeWell Health Companion App – React + MUI | Sep 2024 – Dec 2024

- Created a senior-focused app with real-time health tracking and alerts
- Integrated role-based dashboards and secure data handling per HIPAA/GDPR
- Completed 13 user stories in 2 Agile sprints, deployed app on Render

EDUCATION

Advanced Diploma in Software Engineering Technology
Centennial College | Toronto, ON | Expected Apr 2025

ADDITIONAL EXPERIENCE

- Taught web development concepts and tools to peers as part of Centennial's peer tutoring initiative
- Participated in WIMTACH hackathons focused on building solutions with React, Python, and cloud APIs
- Active member of The Codehort at Centennial, collaborating on team coding challenges and community projects
